CEO Comments

Edward Pitoniak, Chief Executive Officer of VICI Properties, said, "The first quarter of 2023 continued the momentum VICI generated in 2022: expanding our platform, cultivating new and expanding existing partner relationships, and accessing liquidity opportunistically. We added a new partnership and tenant with PURE Canadian Gaming and announced our first international investment with the acquisition of PURE's four Canadian casinos. VICI's international expansion opens up a new frontier of investment opportunities as VICI aims to be an owner of premier global experiential real estate. We expanded our existing relationship with MGM Resorts by acquiring the remaining 49.9% interest in the MGM Grand/Mandalay Bay joint venture, thereby accretively consolidating our ownership of two of the most economically productive assets on the Las Vegas Strip. We are proud to grow our American tribal gaming relationships, partnering with Cherokee Nation Entertainment, owned by the Cherokee Nation, one of the largest tribal nations in the U.S., as the operator of our Gold Strike property in Mississippi. We also announced a fourth loan investment with Great Wolf to fund the development of a resort adjacent to the Foxwoods Resort Casino owned by the Mashantucket Pequot Tribal Nation. Finally, in March, we continued to support Hard Rock, while incrementally expanding our international reach by purchasing senior secured notes related to the redevelopment of the Hard Rock Ottawa Casino. Our Q1 2023 activity highlights VICI's focus on building off of our transformative 2022 and our relentless pursuit of attractive domestic and international growth opportunities both within and outside of gaming."

Total revenues were \$877.6 million for the quarter, an increase of 110.7% compared to \$416.6 million for the quarter ended March 31, 2022. closed on January 9, 2023. Total revenues for the quarter included \$122.8 million of non-cash leasing and financing adjustments and \$18.3 million of other income.

First Quarter 2023 Acquisitions and Portfolio Activity

Acquisitions and Investments

On January 6, 2023, the Company acquired four real estate assets from PURE Canadian Gaming Corp. ("PURE") in Alberta, Canada: PURE Casino Edmonton, PURE Casino Yellowhead, PURE Casino Calgary, and PURE Casino Lethbridge (collectively, the "PURE Portfolio") for an aggregate purchase price of approximately C\$271.9 million (approximately US\$200.8 million). The Company financed the acquisition with a combination of cash on hand and a C\$140.0 million (approximately US\$103.6 million) draw under its Revolving Credit Facility. Simultaneous with the acquisition, the Company entered into a triple-net master lease agreement with PURE covering the PURE Portfolio, which has an initial total annual rent of approximately C\$21.8 million (approximately US\$16.1 million), representing an implied acquisition cap rate of 8.0%.

On January 9, 2023, the Company closed on the previously announced acquisition of the remaining 49.9% interest in the joint venture that owns the MGM Grand Las Vegas and Mandalay Bay (the "MGM Grand/Mandalay Bay JV") from Blackstone Real Estate Income Trust, Inc. ("BREIT") for cash consideration of approximately \$1.3 billion and the assumption of BREIT's pro rata share of the existing \$3.0 billion property-level debt. The MGM Grand/Mandalay Bay JV triple-net lease currently generates total annual rent of \$309.9 million following the annual rent escalation as of March 1, 2023. The cash consideration was funded through a combination of cash on hand and proceeds from the settlement of outstanding forward sale agreements from the November 2022 equity offering and sales under the Company's ATM program.

On March 28, 2023, the Company purchased \$85.0 million of senior secured notes issued by H.R. Ottawa, L.P, which owns and operates the Hard Rock Ottawa Casino. Hard Rock intends to use the proceeds to fund a portion of (i) the redevelopment and rebrand of the existing Rideau Carleton Raceway Casino, located in Ottawa, Canada, (ii) the development of an integrated "Hard Rock" branded hotel with approximately 150 rooms and (iii) the repayment of existing debt.

Other Portfolio Activity

On February 15, 2023, the Company entered into a triple-net lease agreement with Cherokee Nation Businesses ("CNB") with respect to the real property associated with the Gold Strike Casino Resort ("Gold Strike") in Tunica, Mississippi in connection with CNB's previously announced acquisition of the operations of Gold Strike from MGM Resorts International ("MGM"). The Gold Strike lease has an initial annual base rent of \$40.0 million with other economic terms substantially similar to the MGM master lease. Annual base rent payments under the MGM master lease were reduced by \$40.0 million, to a total of \$730.0 million, upon the closing of MGM's divestiture of the operations of Gold Strike and entry into the Gold Strike lease.

First Quarter 2023 Capital Markets Activity

On January 3, 2023, the Company drew down C\$140.0 million (approximately US\$103.6 million) under its Revolving Credit Facility to fund a portion of the purchase price of the PURE Portfolio acquisition.

In January 2023, the Company settled an aggregate 40,592,592 shares under its ATM and November 2022 forward sale agreements in exchange for approximately \$1.3 billion of total cash proceeds used to fund VICI's acquisition and investment activity.

On January 18, 2023, the Company completed a primary offering of 30,302,500 shares of common stock (inclusive of 3,952,500 shares sold pursuant to the exercise in full of the underwriters' over-allotment option) at a public offering price of \$33.00 per share for an aggregate offering value of approximately \$1.0 billion pursuant to forward sale agreements (the "January 2023 Forward Sale Agreements"). Subsequent to quarter-end, on April 4, 2023, the Company physically settled 3,200,000 shares under the January 2023 Forward Sale Agreements at a forward share price of \$31.71 per share, in exchange for total net proceeds of approximately \$101.5 million.

In March 2023, the Company entered into two forward-starting interest rate swap agreements with an aggregate notional amount of \$250.0 million. The interest rate swap transaction is intended to reduce the variability in future cash flows for a forecasted issuance of long-term debt over a maximum period ending December 2024.

2023 Guidance

The Company is reaffirming AFFO guidance for the full year 2023. In determining AFFO, the Company adjusts for certain items that are otherwise included in determining net income attributable to common stockholders, the most comparable generally accepted accounting principles in the United States (“GAAP”) financial measure. In reliance on the exception provided by applicable rules, the Company does not provide guidance for GAAP net income, the most comparable GAAP financial measure, or a reconciliation of 2023 AFFO to GAAP net income because we are unable to predict with reasonable certainty the amount of the change in non-cash allowance for credit losses under ASU No. 2016-13 - Financial Instruments—Credit Losses (Topic 326) (“ASC 326”) for a future period. The non-cash change in allowance for credit losses under ASC 326 with respect to a future period is dependent upon future events that are entirely outside of the Company’s control and may not be reliably predicted, including its tenants’ respective financial performance, fluctuations in the trading price of their common stock, credit ratings and outlook (each to the extent applicable), as well as broader macroeconomic performance. Based on past results and, as disclosed in our historical financial results, the impact of these adjustments could be material, individually or in the aggregate, to the Company’s reported GAAP results. For more information, see “Non-GAAP Financial Measures.”

The Company estimates AFFO for the year ending December 31, 2023 will be between \$2,115 million and \$2,155 million, or between \$2.10 and \$2.13 per diluted share. Guidance does not include the impact on operating results from any pending or possible future acquisitions or dispositions, capital markets activity, or other non-recurring transactions.

The following is a summary of the Company’s full-year 2023 guidance:

For the Year Ending December 31, 2023 (\$ in millions):	Low	High
Estimated Adjusted Funds From Operations (AFFO)	\$2,115	\$2,155
Estimated Adjusted Funds From Operations (AFFO) per diluted share	\$2.10	\$2.13
Estimated Weighted Average Share Count for the Year (<i>in millions</i>)	1,009.5	1,009.5

The above per share estimates reflect the dilutive effect of the pending 27,102,500 shares related to the January 2023 Forward Sale Agreements as calculated under the treasury stock method. VICI OP Units held by a third party are reflected as non-controlling interests and the income allocable to them is deducted from net income to arrive at net income attributable to common stockholders and AFFO; accordingly, guidance represents AFFO per share attributable to common stockholders based solely on outstanding shares of VICI common stock.

The estimates set forth above reflect management’s view of current and future market conditions, including assumptions with respect to the earnings impact of the events referenced in this release. The estimates set forth above may be subject to fluctuations as a result of several factors and there can be no assurance that the Company’s actual results will not differ materially from the estimates set forth above.

Among those risks, uncertainties and other factors are: the impact of changes in general economic conditions and market developments, including inflation, interest rate changes, supply chain disruptions, consumer confidence levels, changes in consumer spending, unemployment levels and depressed real estate prices resulting from the severity and duration of any downturn in the U.S. or global economy; the impact of the rise in interest rates on us, including our ability to successfully pursue investments in, and acquisitions of, additional properties and to obtain debt financing for such investments at attractive interest rates, or at all; risks associated with our pending and recently closed transactions, including our ability or failure to realize the anticipated benefits thereof; our dependence on our tenants at our properties, including their financial condition, results of operations, cash flows and performance, and their affiliates that serve as guarantors of the lease payments, and the negative consequences any material adverse effect on their respective businesses could have on us; our ability to obtain the financing necessary to complete any acquisitions on the terms we expect in a timely manner, or at all; the anticipated benefits of certain arrangements with certain tenants relating to our funding of "same store" capital improvements in exchange for increased rent pursuant to the terms of our agreements with such tenants, which we refer to as the Partner Property Growth Fund; our borrowers' ability to repay their outstanding loan obligations to us; our dependence on the gaming industry; the impact of extensive regulation from gaming and other regulatory authorities; the ability of our tenants to obtain and maintain regulatory approvals in connection with the operation of our properties, or the imposition of conditions to such regulatory approvals; the possibility that our tenants may choose not to renew their lease agreements with us following the initial or subsequent terms of the leases; restrictions on our ability to sell our properties subject to our lease agreements; our tenants and any guarantors' historical results may not be a reliable indicator of their future results; our substantial amount of indebtedness, and ability to service, refinance and otherwise fulfill our obligations under such indebtedness; our historical financial information may not be reliable indicators of our future results of operations, financial condition and cash flows; our inability to successfully pursue investments in, and acquisitions of, additional properties; the possibility that we identify significant environmental, tax, legal or other issues that materially and adversely impact the value of assets acquired or secured as collateral (or other benefits we expect to receive) in any of our pending or completed transactions; the possibility of adverse tax consequences as a result of our pending or recently completed transactions, including tax protection agreements to which we are a party; increased volatility in our stock price, including as a result of our pending or recently completed transactions; our inability to maintain our qualification for taxation as a REIT; our reliance on distributions received from our subsidiaries, including VICI OP, to make distributions to our stockholders; our ability to continue to make distributions to holders of our common stock or maintain anticipated levels of distributions over time; competition for transaction opportunities, including from other REITs, investment companies, private equity firms and hedge funds, sovereign funds, lenders, gaming companies and other investors that may have greater resources and access to capital and a lower cost of capital or different investment parameters than us.

Although the Company believes that in making such forward-looking statements its expectations are based upon reasonable assumptions, such statements may be influenced by factors that could cause actual outcomes and results to be materially different from those projected. The Company cannot assure you that the assumptions upon which these statements are based will prove to have been correct. Additional important factors that may affect the Company's business, results of operations and financial position are described from time to time in the Company's Annual Report on Form 10-K for the year ended December 31, 2022, Quarterly Reports on Form 10-Q and the Company's other filings with the Securities and Exchange Commission. Non-GAAP Financial Measures

This press release presents Funds From Operations ("FFO"), FFO per share, Adjusted Funds From Operations ("AFFO"), AFFO per share and Adjusted EBITDA, which are not required by, or presented in accordance with, generally accepted accounting principles in the United States ("GAAP"). These are non-GAAP financial measures and should not be construed as alternatives to net income or as an indicator of operating performance (as determined in accordance with GAAP). We believe FFO, FFO per share, AFFO, AFFO per share and Adjusted EBITDA provide a meaningful perspective of the underlying operating performance of our business.

FFO is a non-GAAP financial measure that is considered a supplemental measure for the real estate industry and a supplement to

GAAP measures. Consistent with the definition used by the National Association of Real Estate Investment Trusts (NAREIT), we define FFO as net income (or loss) attributable to common stockholders (computed in accordance with GAAP) excluding (i) gains (or losses) from sales of certain real estate assets, (ii) depreciation and amortization related to real estate, (iii) gains and losses from change in control, (iv) impairment write-downs of certain real estate assets and investments in entities when the impairment is directly attributable to decreases in the value of depreciable real estate held by the entity and (v) our proportionate share of such adjustments from our investment in unconsolidated affiliate.

AFFO is a non-GAAP financial measure that we use as a supplemental operating measure to evaluate our performance. We calculate our AFFO by adding or subtracting from FFO non-cash leasing and financing adjustments, non-cash change in allowance for credit losses, non-cash stock-based compensation expense, transaction costs incurred in connection with the acquisition of real estate investments, amortization of debt issuance costs and original issue discount, other non-cash interest expense, non-real estate depreciation (which is comprised of the depreciation related to our golf course operations), capital expenditures (which are comprised of additions to property, plant and equipment related to our golf course operations), impairment charges related to non-depreciable real estate, gains (or losses) on debt extinguishment and interest rate swap settlements, other gains (losses), other non-recurring non-cash transactions, our proportionate share of non-cash adjustments from our investment in unconsolidated affiliate (including the amortization of any basis differences) with respect to certain of the foregoing and non-cash adjustments attributable to non-controlling interest with respect to certain of the foregoing.

We calculate Adjusted EBITDA by adding or subtracting from AFFO contractual interest expense (including the impact of the forward-starting interest rate swaps and treasury locks) and interest income (collectively, interest expense, net), income tax expense and our proportionate share of such adjustments from our investment in unconsolidated affiliate.

These non-GAAP financial measures: (i) do not represent cash flow from operations as defined by GAAP; (ii) should not be considered as an alternative to net income as a measure of operating performance or to cash flows from operating, investing and financing activities; and (iii) are not alternatives to cash flow as a measure of liquidity. In addition, these measures should not be viewed as measures of liquidity, nor do they measure our ability to fund all of our cash needs, including our ability to make cash distributions to our stockholders, to fund capital improvements, or to make interest payments on our indebtedness. Investors are also cautioned that FFO, FFO per share, AFFO, AFFO per share and Adjusted EBITDA, as presented, may not be comparable to similarly titled measures reported by other real estate companies, including REITs, due to the fact that not all real estate companies use the same definitions. Our presentation of these measures does not replace the presentation of our financial results in accordance with GAAP.

Reconciliations of net income to FFO, FFO per share, AFFO, AFFO per share and Adjusted EBITDA are included in this release.
