STRATEGIC RATIONALE

✓ Adds Exposure to Las Vegas Locals Market

Diversifies VICI's real estate ownership in Nevada, an attractive gaming jurisdiction due to its stable regulatory environment and low tax rate. The transaction also provides exposure to the Las Vegas Locals market – the 2nd largest gaming market in the U.S. in 2024 by gross gaming revenue – which VICI has long targeted for its consistent and stable growth, strong demographic and demand tailwinds driven by population trends, and high barriers to entry

✓ Tenant Diversification

Upon closing, Golden OpCo will become VICI's 5th largest tenant by annualized cash rent and 15th tenant overall (pro forma for the acquisition of the operations of MGM Northfield Park by an affiliate of Clairvest Group, Inc., which will become VICI's 14th tenant upon closing of that transaction). VICI continues to focus on diversifying its tenant base with quality, long-term partnerships

✓ Strong Operating Partner

Led by Blake L. Sartini, the Golden management team is well tenured with over 30 years of casino operating experience and an established reputation as dynamic operators with a strategic focus on the Nevada gaming landscape. The Golden management team understands and caters to a diversified customer base with both fly-to and drive-in demand, further bolstered by a unified loyalty program, True Rewards

✓ Attractive Deal Economics

Attractive 7.5% acquisition cap rate for well-located real estate with a strong going-in rent coverage of 1.9x⁽¹⁾

✓ Immediately Accretive

Expected to be immediately accretive to AFFO per share while generating compelling cash-on-cash returns

(1) Based on Property-Level Adjusted EBITDAR for the last twelve months ended June 30, 2025. See page 15 for a reconciliation of this metric.
